

Datasheet

Product type: **Motor shut-off flap**
 Product ID: 172061
 Product name: MAK ROTO K 20000 H 3P

A	mm	2218
B	mm	1114
C	mm	115
Weight	kg	45.3

- Combined outdoor and exhaust air multileaf damper
- With actuator OPEN - CLOSED, AC 230V, 5Nm
- For direct mounting on the device
- Housing made of sheet steel, galvanized
- Flange P 30
- Airtight according to EN1751 class 2
- Avoids cold air drop in the duct network when the unit is not in operation
- Protects device components and heating/cooling coils from frost damage
- Duct connection 2100 x 1000mm
