

Foamy Cleaner for A/C Casings and Surfaces

Description

STARLUX is a foaming aerosol cleaner designed to deeply clean A/C casings and surfaces when sprayed directly.

It can also be used inside vehicle cabins on handles, dashboards, gear levers, steering wheels, and more.

The foaming formula ensures better adhesion to surfaces, helping to effectively remove germs, allergens, dust, and environmental dirt.

Simply spray a light layer of foam onto the surface: the foam will encapsulate contaminants. Once removed with a soft cloth, the surface will be left clean and purified.

STARLUX releases a fresh, clean scent and is HACCP compliant.

Field of Application

- HVAC/R

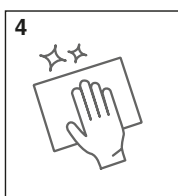

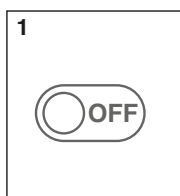

Features

- Effectively removes germs, allergens, dirt, fingerprints, and grease.
- Suitable for plastic and metal casings and surfaces.
- Ready to use.
- No rinsing required.
- HACCP compliant.

Instructions

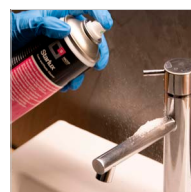

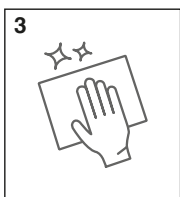

Application on Evaporator

1. Turn off the system.
2. Shake the can.
3. Apply the product on the entire surface to be treated, creating a light layer of foam.
4. Wipe with a soft cloth.

Application on Surfaces

1. Shake the can.
2. Apply the product on the entire surface to be treated, creating a light layer of foam.
3. Wipe with a soft cloth.

Chemical and Physical Properties

Property	Value
Aspect	Clear liquid
Colour	Colourless
Odour	Characteristic
Relative density	0.82 ± 0.05 g/ml (a T = 20 °C)
pH	9.5 ± 1

Categorisation and Labelling

This technical data sheet is only valid when accompanied by the current Safety Data Sheet (SDS).
In accordance with legal requirements, only the SDS contains up-to-date safety information.
The SDS is available upon request.

Safety Instructions

Avoid contact with skin and eyes. Avoid inhalation of vapours and mists.
Do not reuse empty containers unless properly cleaned.
Before transferring the product, ensure containers are free of incompatible residue.
General workplace hygiene recommendations:
Contaminated clothing should be removed before entering eating areas.
Do not eat or drink while handling the product.

Storage Instructions

Store at temperatures below 20 °C in a dry, well-ventilated area.
Keep away from open flames and heat sources. Avoid direct sunlight.
Keep away from food, drink, and animal feed.

Shelf life

5 years from the production date.
