

Interior Purifier

Purifying Treatment in Aerosol Can for Interiors

Product description

INTERIOR PURIFIER is a treatment that purifies air and surfaces in a room by removing contaminants and leaving a pleasant fragrance. Its continuous flow saturates the room with purifying molecules that spread evenly on all surfaces without wetting or leaving residues. Air contaminants are captured by INTERIOR PURIFIER molecules and their action is permanently blocked.

The product is available in 3 formats:

- 100 mL for rooms up to 15 sqm. / compact, sedans, station wagons
- 200 mL for rooms up to 20 sqm. / minivan, commercial vehicles, minibuses, campers
- 400 mL for rooms up to 40 sqm. / bus

and in 7 pleasant fragrances: Talc, Strawberry, Peach, Mint, Lemon, Vanilla and Green Apple.

Features

- Specific for evaporators and surfaces.
- Ideal to purify cockpits
- Captures contaminants and block their action permanently.
- Ready to use.
- Does not wet and leaves no residue.
- Scented.

Application in rooms

1. Shake the can before use.
2. Place the can in the middle of the room.
3. Make sure there are no people or pets inside the rooms you want to treat.
4. Press the button on the top of the can and wait for the product to empty completely.
5. Wait 10 minutes before returning in the room.
6. Air the room for 10 minutes before entering.

Application in cockpits
